## Petition to Oppose the California Wild Heritage Act (Wilderness Bill) and protect our access to our forests

Dear Senator Feinstein,

We the undersigned thank you for the leadership you've provided over the years on important land conservation issues. We also appreciate and support your hesitancy in cosponsoring the California Wild Heritage Act sponsored by fellow California Senator Barbara Boxer.

We ask that you do not cosponsor this bill, which would drastically affect our ability to manage our forests to protect against devastating fires, as well as restrict our ability to recreate in them. Please introduce legislation that would provide an alternative designation.
